

Ideal School Project

Teachers	Students
1. What should teacher training be? What education should they get about teaching? Why?	1. When should students start learning?  2. How long should they attend school?
2. How should we decide what teachers teach what subjects? Why?	3. What classes should students take in....  - Elementary School  - Middle School  - High School
3. How many teachers should there be for 100 students?	4. How many students should be in a class?
4. What should teachers do <b>each day</b> to make sure students learn?	5. What should students do <b>each day</b> to make sure they learn?
5. What should teachers do if students <b>do not</b> learn what they need to in a day?	6. What should students do if they <b>do not</b> learn what they need to in a day?
6. What should teachers do if a student is absent for two weeks?	7. What should a student do if they are absent for two weeks of school?

**FINALIZE YOUR THOUGHTS WITH ONE OPTION:**

<p>Option 1: Make a google slideshow with details about each question and possibly some of your own.</p> <p>Describe the teacher <b>and</b> student actions that should be done to make a better school.</p>	<p>Option 2: Create a detailed poster describing what teachers <b>and</b> students should do to make a better school.</p> <p>Use the questions above to guide your poster-making.</p>
